Lagos CARES

The Lagos COVID-19 ACTION RECOVERY AND ECONOMIC STIMULUS (CARES) PROGRAM

As a result of the effect of the COVID-19 pandemic, and in line with the 2020 National Development Plan (NDP), the Federal Government of Nigeria, through the Ministry of Finance, has approved a policy response programme, named the Nigeria COVID-19 Action and Economic Stimulus (NIG-CARES).

The Lagos COVID-19 Action Recovery and Economic Stimulus (CARES) Program is a state-level intervention that seeks to mitigate the local effects of the COVID-19 worldwide pandemic at the state level, by prioritizing the livelihoods of existing and newly poor and vulnerable households and supporting the recovery of local economic activity especially among MSMEs.

The program consists of 3 Results Areas (RA) as defined below:

- RA1 - Focuses on Social Protection
- RA2 - Focuses on Agriculture and
- RA3 - Focuses on Micro, Small and Medium scale enterprises (MSMEs)

As the State's MSME responsible for MSME intervention, LSETF will anchor RA3, which is aimed at providing relief, facilitating the recovery, and enhancing capabilities of local MSMEs through support designed to reduce the vulnerability and cushion the effect of income loss brought about by the ongoing COVID-19 pandemic and its resultant disruption to regular commercial activity.
